Free Nights at Taita Falcon Lodge!

The famous Victoria Falls is the largest sheet of falling water in the world,
with a width of 1,708m and height of 108m!

Imagine sipping sundowners watching the amber sunset as it dips down over the mopane horizon. All that falls away below you is impressive Batoke Gorge cutting a curve as the river runs by. Cries from the majestic Verreaux (Black) Eagle or the Peregrine Falcon are the only sounds you will hear above the mighty Zambezi River below. Look no further, for its one of my favourite settings in Africa and its splendid views are unbeatable.

A mere 11 km down-stream from the world-famous Victoria Falls, Taita Falcon Lodge will exceed your valentines expectations. Family run, fantastic food and great ambiance, the ideal romantic get- away to one of the great Wonders of the World!

Book 3 nights and pay for 2 nights only -1 night for free!!
